

I have recently had a problem with my drains and instructed Happy Drains to manage my claim. As a result of a survey they have carried out for me it has identified various repairs on the system to remedy damage. I understand that the cost to repair the damage may be covered by my buildings insurance Policy. This letter sets out my wishes and instructions regarding the reporting and processing of my claim under the Policy.

My details, together with that of my insurance policy, are detailed below: I hereby appoint Happy Drains Ltd to act as my agent to handle all aspects of the administration of my claim, and I authorise and request that you (my insurer) provide to Happy Drains Ltd (and any third party instructed by it) any information it may require in connection with my claim.
